

HoG FOUNDER, MS. EDI KALIKAWA (LEFT),
WITH FORMER PRESIDENT OF TANZANIA
H.E. JAKAYA MRISHO KIKWETE

"WE NEED YOU"

ABOUT THE FOUNDER

Edi Kalikawe migrated to the United States where she earned her MBA and CPA. She was born in Tanzania, East Africa.

After getting her MBA in the US, she participated in & won a beauty pageant in Tanzania. She raised funds to educate children whose parents had leprosy.

Built a primary school following her late mother wish for her to expand her fundraising to include poor children whose parents were not afflicted with leprosy.

EDUCATE A CHILD

Ready to enroll new students for 2018!!!
Good Hope English Medium School is located in Nyanga, Bukoba, Tanzania.

Inspired by My late mothers wish, to educate the extremely underserved children in Bukoba, House of Grace has teamed with Biology without borders (BWB) and the Northport High school Honor society to assist a new group of 25 kids from extremely poor families in obtaining a primary school education and eventually affording them a secondary school education. This project started in January of 2014 after the Northport high school fundraised an amount of \$3,000 to fund this initiative.

Subsequent fundraising culminated in the building of an English Medium Pre & Primary School in Tanzania.

FUNDRAISING BRACELETS

These House of Grace fundraising bracelets are for sale and 100% benefit the school children in need of uniforms, school supplies, lunch food, teachers, grounds keepers, school bus transportation & more.

WEAR A PIECE OF AFRICA

The bracelets are made in Tanzania by local artisans who meticulously hand weave colored leather and beads to form a bracelet with a distinct African aesthetic.

A GIFT FOR CHARITY & STYLE

How often do you get a chance to buy a stylish gift that 100% benefits the education of poor children in Africa? It is a gift that says I care about you as family or as a friend while also saying I care about making the world a better place.
